To Whom It May Concern:

The listener supported radio station KLOVE (89.5FM) is a vital part of my community in El Paso, Texas. As a single woman, I have financially supported KLOVE for about 3 years now because it provides positive, family friendly, encouraging words and music.

**Everything that comes out KLOVE radio station has helped me and countless others get through difficult situations and have better lives.** I wake up to it every morning and I go to bed to it every night. It is the only station I listen to in my vehicle. When my young nephews are in my vehicle, it is what they hear. It will be what my future children will hear as well.

**If KLOVE is displaced by an LPFM broadcaster, it would be a terrible disservice to the community of El Paso, Texas. KLOVE provides countless public interest services** by providing news, encouraging words, and positive music that can be left on with no fear of children hearing something they should not. KLOVE has pastors on staff 24 hours to help anyone in a crisis. Countless lives have been saved and positively affected by KLOVE.

I am respectfully requesting that you do not allow an LPFM broadcaster to displace KLOVE radio station. It would take a vital service away from me and my community.

Sincerely,  
Judith A. Rinker
